JAS. B. McCREARY OPENS CAMPAIGN

For Parker and Davis in County
--Makes Fair, Strong Argument
ment For His Party.

SOME OTHER POLITICAL NEWS.

Hartensburg, Sept. 27.—(Special)— Senator James B. McCreary of Richmond, spoke for Parker and Davis, at the courthouse, Saturday, to an audience of about 300 persons. He was presented in an appropriate introductory speech by Judge N. McC. Mercer.

The Senator spoke about an hour and a half, making a fair and strong argument, free from abuse and vituperation. He first reviewed the national conventions; saying that the Republican convention was cut and dried, ran by the majority, but the Democratic convention was the most enthusiastic convention he ever saw, and that the delegates themselves settled every question that came up for consideration. He praised highly Judge Parker's gold telegram, and said it evinced his courage and principles. He discussed the claim of the Republicans that they had brought about prosperity, and stated that the praise for the prosperous condition of the country was attributable to God.

In speaking of reciprocity treaty was negotiated in 1856, under President Pierce, with Canada. That the Republicans had only made one such treaty—that with Cuba—and that they had not sought to do that. On the question of the trusts, he said it had been the policy of the Republicans to foster them, and argued that the only remedy was tariff revision, which he heartily favored.

A portion of his speech was devoted to the personality of the president. He, he said, is an egotist, overbearing and dictatorial, contrasting these characteristics with the judicial temperament of Judge Parker. He discussed the negro question in this connection quite at length, saying that the president's policy had again raised sectional animosity and hatred, which was being rapidly allied by the policy of the southern states.

Toward the close of his speech the Senator discussed the proposed American policy, that of retaliatory tariff. He stated that France, Germany and Russia had enacted retaliatory laws against the United States in particular, and that it would have the effect of lessening the export of our surplus products to these countries. He also referred to the attempt of Joseph Chamberlain to revise the free trade of England, and enact a tariff law there.

In referring to State politics, he said that the Democrats ought to rule in Kentucky, since they cast two-thirds of the white vote and own two-thirds of all the property. He said that on the indictment against Taylor, for complicity in the murder of Gobell, we already written that "Gality," and that there was a hangman's noose around him at Frankfort.

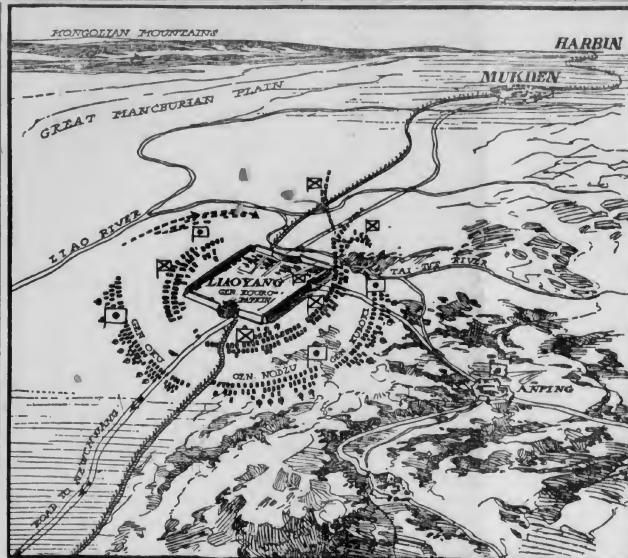

The Senator's reference to William Jennings Bryan evoked the most vigorous applause occurring during the whole course of his speech, showing that the Nebraskans still hold the affections of the voters.

Not more than 300 people heard the speech, which seems to clearly indicate that, generally speaking, the voters are not taking much interest in politics this year.

ARE AFTER MOORMAN.

Hartensburg, Ky., Sept. 27.—(Special)— Senator Gas Richardson, of Guston, was here Saturday to hear the speech of Senator McCreary and to meet with the politicians of the county. He says he is in the race succeed to the seat of Senator, and that he will win. It is stated that he favors a "runaway" as the method to select the nominee.

Since the entries now stand, there are only two candidates, Richard Owen, of Lewisport, being the other. It is reported that pressure is being brought to bear on Owen, so that he may become a candidate, and some of his friends think he will finally yield to their solicitations. It is also said that a prominent man from the state has been in touch with him, and that he will run. If all these respective candidates should announce, it would make a strenuous race and no one could pre-dict the outcome.

MAP SHOWING HOW THE JAPANESE ENCOMPASSED THE ARMY OF KUROPATKIN AND CAUSED IT TO RETREAT TOWARD HARBIN.

The map will show at a glance the positions occupied by the Japanese and the Russians near Liaoyang at what was generally regarded as the crucial moment of the Manchurian campaign. Had Kuropatkin been able to hold Liaoyang sufficiently long to get re-enforcements from Harbin he could have cut Kuropatkin's army in two. Okio Kuropatkin's forces would then have been in a very vicious position, for the Japanese had provided against such a contingency. While the three armies were marching in the city from the semicircle formed about it, Kuropatkin, forced that commander, in order to avoid being entirely surrounded, to make a hurried retreat to the railroad, whence he proceeded to the northeast toward Harbin, via Mukden.

Public Policy the Burden of the Judge's Letter of Acceptance.

REVIEWS MANY STATE PROBLEMS

Panama Canal, the Filipinos, Tariff Reform, Pensions and Governmental Expenditures Among the Themes Discussed.

Ezopus, N. Y., Sept. 26.—Tariff reform, imperialism, economic and industrial problems in the public life are held by Judge Parker to be the leading issues of the campaign.

These and other problems of state are discussed at length in the Judge's letter accepting the Democratic nomination for the presidency. The communication is addressed to Hon. Champ Clark, chairman of the nomination committee.

At the outset Judge Parker discusses what he terms imperialism, saying: "If we would retain our liberties and constitutional rights unimpeded we cannot permit or tolerate at any time or to any extent the usurpation of unconstitutional powers by the executive branch of our government. Already the national government has become centralized beyond any point contemplated or imagined by the founders of the constitution. How mendacious is this that has added to the power of the central government."

Reciprocal trade treaties between the United States and the world's great nations are urged, the Judge stating these would insure to the benefit of both the manufacturer and the consumer.

There is urgent need at the present time, holds the Judge, to reduce the tariff. He says the Dingley tariff is excessive in many of its rates, and unjustly and oppressively burdens the people, and continues: "It secures to domestic manufacturers, singly or in combination, the privilege of exacting excessive prices for articles produced at home, and the level of sales made regularly by them abroad with profit, thus giving a bounty to foreigners at the expense of our own people. Its unfair taxation burdens the people generally, forcing them to pay excessive prices for food, fuel, clothing and other necessities of life. Such duties have been and will continue to be a direct

incentive to the formation of huge industrial combinations, which, secure from foreign competition, are enabled to stifle domestic competition and practically monopolize home market."

On the trust question, Judge Parker says: "I pointed out in my earlier response the evils of which, in my judgment, were effectively exposed by the power of congress to legislate on the subject. If elected president Mr. Parker says he will revoke pension order No. 78, and adds: "But I will further say that, that being done, I will make every effort to have the enactment of a law to prohibit both houses of congress and approved by the executive that will give an age pension without reference to disability to surviving heroes of civil war."

The Judge contends that, as the governmental expenditures of the last fiscal year amounted to \$32,000,000, a thorough investigation of the public service and the immediate abandonment of extravagant expenditures are necessary.

He concludes: "Shall economy of administration be demanded or shall extravagance be demanded? Shall the wrongdoer be lenient, to buy off the people, or must justice wait upon political oligarchy? Shall our government stand for equal opportunity or for special privilege? Shall it remain government of law or become one of mercantile capital? Shall we cling to the rule of the people, or shall we embrace beneficent despotism?"

Against Entangling Alliances.

Under this caption the relation of the Judge observes: "The recent American invasion of foreign markets in all parts of the world has excited the serious apprehension of all the great industrial peoples. It is essential, therefore, more than ever, to administer the affairs of this country as formulated by our first president, and never, in my judgment, wisely departed from—to invite friendly relations with all nations while avoiding entangling alliances with any." Such a policy means the cultivation of peace instead of the glorification of war, and the vindication of our own business in lieu of the spectacular intermeddling with the affairs of other nations."

Prince Alfred's Fast Mile.

Allentown, Pa., Sept. 24.—Before a crowd of 10,000 persons Prince Alert established a new half-mile track record by pacing a mile in 2:03½ without a wind shield at the Allentown fair races. He made the same time at Bethlehem, Pa., on Sept. 19 last year, but a wind shield was then used to achieve it.

MADE PUBLIC.

Will of the Late Frederick Walter, who Died Aug. 25, Probated Monday.

Hardinsburg, Ky., Sept. 27.—(Special)—J. C. V. Robertson has purchased S. A. Fife the old farm lands lying near town on the pike. It is his intention to organize and incorporate a fair company and hold an annual fair here in the fall of the year. Many of the best business men of the county have approved of the project and agreed to subscribe stock in the enterprise. Mr. Robertson is very enthusiastic about the matter and says the project will be put through, and a fair held next year.

To Mrs. Eliza Holt the home and lot where she lived is bequeathed, with exception of piano, after \$6,000, only interest to be paid her. The above goes to her children at death, if without children, to Mrs. Chas. Mary Sr. As Mrs. Holt is dead and died childless this part of the estate reverts to Mrs. May.

Elizabeth Sauer is given \$4,000, by the will, which is held in trust, the interest only to be paid her. At the death the whole amount goes to her children.

Mattie Sauer is provided for in \$2,300. Chas. Sauer is given \$1,000, interest on same to be paid him until he is thirty years of age.

For John Sauer \$2,300 is held in trust, the interest to be paid him annually and at his death it is to go to Mattie Sauer. To Louis Sauer is bequeathed \$2,000, with the same provisions.

The balance of the estate goes to Mrs. Chas. May, Sr., sister of the deceased. At her death it is to be divided among her three sons, Chas. Walter and David. If all have attained the age of twenty five. If her two daughters, Eva and Eliza, marry they are to receive equal portions of the estate.

W. G. Smart and A. B. Skillman are appointed as executors. The latter qualified as executor Monday.

ACCEPTS CALL.

Hardinsburg, Ky., Sept. 27.—(Special)—The Rev. Everett English, of Stephenson, has accepted the call from the Baptist church at this place to become its pastor. He preached two excellent sermons to large congregations from that pulpit Sunday.

WILL PROBATED.

Hardinsburg, Ky., Sept. 27.—(Special)—The will of A. R. Morris was probated in the county court Monday. His two sons, Charles and John, were appointed and qualified as executors.

GAME WARDEN.

Hardinsburg, Ky., Sept. 27.—(Special)—J. H. Lennon, of this place, has been appointed game warden of the county.

BREAKS ARM AT 87.

Jno. K. Johnson, aged 87, who lives on Patterson's hill, about two miles from town, fell out of a chair on the steps at his house Saturday morning and broke his left arm at the shoulder. The member was seen by Dr. Lightfoot and Mr. Johnson is now getting along nicely, despite his age.

Mr. Johnson is one of the oldest settlers of the county.

For a man of his age he possesses a remarkably strong constitution.

SHED FELL ON THEM.

Fayetteville, Ky., Sept. 27.—(Special)—Late Saturday afternoon, while conversing under a barn shed, at their homes, B. F. Arnes and Port Marlowe barely escaped being killed. The shed under which they were standing suddenly gave way without any warning and came tumbling down upon them. By the aid of friends they were helped out, and neither received any injuries.

DEATH AT LAHANT.

Lahant, Ky., Sept. 27.—(Special)—Mrs. Peter Taylor died Friday at the age of seventy-eight. The interment was in the Union Star cemetery Saturday. A son and a daughter survive.

BRILLIANT RECORD.

"Samelson is making the most brilliant record in baseball, circles of any town in size, in this section of the country. This season it has defeated the teams of Owensboro, Evansville and smaller towns, and, last Sunday, defeated the Fetters, considered the second best amateur team in Louisville, by a score of 12 to 0.

ANNOUNCEMENTS.

FOR COUNTY JUDGE.
WE are authorized to announce Henry Dehaven McCreary, a candidate for County Judge of Breckinridge county, subject to the action of the Democratic party.

FOR STATE SENATOR.
WE are authorized to announce "R. W. McCracken" as a candidate for State Senator from this, the 10th district, composed of the counties of Hancock, Kentucky, and Lewis, subject to the action of the Democratic party.

FOR REPRESENTATIVE.
WE are authorized to announce Selly H. McCracken as a candidate for Representative from Breckinridge county, subject to the action of the Democratic party.

If you have heart disease get married. It is a sure cure.

Parker ought to send another gold telegram. Maybe it would revive 'em some more.

It is mighty hard to make a rousing Democratic speech with one foot on the Republican platform.

Mr. Milton Board looks just as big as any of us around Democratic head-quarters at Steeplechase. There is nothing that succeeds like success.

Carrie Nation is going over to New York to make a raid on Bishop Potter's subway tavern. Carrie is no respecter of persons in the saloon business.

You had better look up the law on the subject of registration if you live in an incorporated town, or you may not be able to help either Parker or Roosevelt in November.

The two-story residence being erected on the lot at the corner of Main and Second streets for J. C. Noyte by the Cloverport Real Estate & Improvement Company, is one of the handsomest built in Cloverport in recent years. The residence is very artistic from the architect's viewpoint. J. M. Lewis is the contractor.

Men coming from the South say that section is on the verge of the biggest boom it has ever known, and it had a pretty good boom from 1898 to 1902. Ten-cent cotton is working wonders in the South. The Southern steel mills are expecting that the next few years will set them far ahead of their previous high-water mark in that industry.

A company is building a plant at River Side Park, near Louisville, for the manufacture of soap to be used in mosquito latrines. The idea is anything but new, and houses thus constructed are not satisfactory, says the Hawesville Plaindealer. The Spaniards need a like material in the building of their forts just after the discovery of America. Two of them are now standing near St. Augustine, Florida.

The Democratic Campaign committee will have 1,200 speakers on the stump in Kentucky during the presidential campaign this fall. Many of the speakers will deliver a large number of speeches. The list includes Gov. J. C. W. Beckham, Senators J. C. S. Blackburn and James B. McCreary, Ollie M. James, Swager Sherley, Judge Mat O'Doherty, Col. Bennett H. Young, Charles K. Wheeler, Lewis McGowen, David H. Smith, South Trimble, John R. Allen, Charles J.

Bronston, W. P. Kambell, H. V. McCreary, G. R. Gilbert, James N. Kehoe, R. Peak, A. O. Stratton, J. S. Morris, Morgan Chinn, John L. Grayson, John K. Hendrick, F. A. Hopkins, George E. Stone and W. T. Ellis.

There is a striking resemblance between Senator McCreary and Judge Milton Board. The Senator is not near the speaker that Judge Board was in his paing days. He has the fire and the enthusiasm of Judge Board. We remember the time when the Judge used to fire the Democrats with such enthusiasm that they would shake old country houses from foundation to roof. They were the Democratic youths. Senator McCreary is a big man politically as he is physically. What did he do last Monday? What was the cause of all this coolness and indifference? Has Democracy changed? Is there no life in the old party? Has it lost its moorings and strayed off to strange climates and strange gods? There is something wrong somewhere. Democracy is not what it used to be.

DICK OWEN THE MAN.

The leading Democrats of Union Star are unanimous for Dick Owen for senator. They say he is a home man, they all know him, and like him, and have no reason for not supporting him for the office.—Breckinridge News.

And every place you go in the district the people think well of Dick Owen. They like him and many of them are for him. Above all, there is beginning to be a realization of justice in the Clarion's claim for the next Senator from Hancock county. Each of the other counties have had a term and no man can successfully deny the justice of our claim. We are exceedingly proud to see that Breckinridge county is inclined to stand solidly for Hancock's right. Therefore we have rendered assistance to Breckinridge and we shall not fail to do so again.—Hancock Clarion.

The Breckinridge News says that mosquitoes in Cloverport are causing openers to make incisions in their victims. They may have learned this effective method of doing away with officeholders who are inserting a sharp request for campaign contributions into the unerring employees.—Louisville Times.

This is the biggest one the Times ever told. The News hasn't mentioned mosquitoes this summer, in fact we've had no occasion to do so. They have a point.

We don't know what to do. We don't know in mosquito latrines. The air is pure, our surroundings are clean, pure and healthy and there's no attraction for mosquitoes. We don't open cans but can closers. If you can't believe it just step down to our canning factory. And, as to Federal officeholders, we haven't but one in town and he's the postmaster and a loyal one, too. He pays his assessments and never kicks. This is one of the Times' misfit jokes.

Railroad managers/hank presidents and business men generally are calculating on a continuance of the present prosperous conditions because crops are good and prices for farm crops are good, with rising tendencies. Keep the farmers prosperous and this country cannot have hard times.

It matters not how expert farmer becomes in producing grain, fruit or fat stock, some new form of exploitation will be discovered by the class of people who live on their wits and everything to relieve them of everything but a bare living. They may get ahead some years only to slip back other years. This will be kept up until they make their own prices.

Exhaustion of fertility in our farmland is responsible for more crop failure and short yields than farmers realize. We believe this country will never take its former enviable place as exporter of grain until the average yield of our grain crops are increased. The increasing consumption of our own country will come pretty near consuming all we can produce. Better prices will soon renew this, however. We know many

farmers have only been waiting for the time when the price of grain will warrant them in buying fertilizer.—Up-To-Date Farming.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable, for a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, according to the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio.

PICKED UP.

Senator McCreary is a great campaigner, with the babies. He can kiss and fondle them as gracefully as any man who ever offered for office. It will do one good to see him take a little one's arms, say some sweet thing to it, kiss it enthusiastically and hand it back to the mother with a smile. Of course this comes natural with the Senator, he's been at it so long.

There are a whole lot of Democrats in Meade county who are going to support Dick Owen for the Senate. One thinks he has a walk-over in his own county, but he is mistaken.

The Hon. D. H. Smith was at Brandenburg last Monday. He did not make a speech, simply there to shake hands and joke with the boys. He says this is his last race for Congress. His next step is for the U. S. Senate. If he fails in that he will retire from politics. Dave doesn't get any better looking, although Charlie Bryant says he is the handsomest man he ever saw. But when Charlie makes a statement you are safe in saying it is just the opposite.

Dr. Milton Board, of Hopkinsville, was in Louisville last week. He had been to Frankfort on business connected with the Asylum. The Doctor is looking fine and says he is getting along nicely down at Hopkinsville, that he likes the place and enjoys it. "I am coming home to register to vote in all the elections I will be in the campaign this year." Said he supported the county would give a small Republican majority, as it always does when there is no right ticket for the Democrats. As to the national campaign, he knew very little; he would support Parker, of course and from the tone of his remarks we inferred that he had very little hope of his election. He said: "You look out for a hot campaign in Breckinridge next year. I will be for the ground and make it hot for the boys. We must make a clean sweep next year." He had very little to say about the Senatorial race, said both candidates were good friends of his and he would take no active part in the campaign. Dick Owen being from his own county, he said he would have to support him.

In most of the states women are denied all participation in the affairs of the government under which they live, and they stand on a very lofty pedestal along with idiots, minors, lunatics and criminals.

In the rest of the states mothers stand on a pedestal and fathers have the legal right to manage the entire life of their children, even to removing them wholly from the "custody, care and nurture" of the mother.

A pedestal is a good place for a statue, but a very poor place for a live woman. Her place is on the common earth, side by side with man, sharing his responsibilities, his privileges and his rights. This is the sort of pedestal to which women are slowly and surely climbing.

BUILDING NOTES.

M. J. Behen Gets Masonic Contract—Scarcity Of Lots Preventing Much Building.

The contract will be erected on the lot between the Masonic Temple and F. H. Pennington's confectionery. It will be two-story and 32x80 ft., which are about the dimensions of the Masonic Temple. The two buildings will be about similar in construction as well as dimensions. Mr. Behen expects to begin work on the new building about October 1. When it is completed J. C. Nolte & Bro. will change their grocery department from the basement of the Masonic Temple to the first floor of the new building. The second floor will be used for office or lodge rooms.

There is a slight building boom on here just now in the way of residences and small business houses, but the boom is not what it should be. In view of the long period of inactivity in building circles since the boom after the big fire of 1901. A prominent building contractor stated to a representative of the News Friday that there would be a larger building boom here this fall if it were not for scarcity of desirable lots. He said that there are a number of local people who would build if they could find lots to suit them.

HOLDING ITS OWN.

Kentucky Building, World's Fair, St. Louis, Sept. 20.—Kentucky stock in the World's Fair cattle show is certainly holding its own against big odds, for the competition is admitted to be the warmest ever seen. Interest day centered in the exhibition of herds, and Kentucky entries took prizes in Jersey, Shorthorn, Hereford and Aberdeen Angus classes.

The French Archives.

The archives so magnificently housed in the Hotel de Roquin form one of the most interesting sights of Paris. All documents being classified under four heads—administrative, historic, legislative and judiciary. Among minor objects of interest not shown to visitors without special permission is the table of the Queen of France, which was exhibited in the Hotel de Ville on the eve of Thermidor and the inventory of Marie Antoinette's wardrobe, with patterns of her dresses, and size of Mme. Elizabeth's. Insignificant indeed would the collection appear beside that of a roomful of the Queen's jewels.

In these historic premises, busy as bees, indefatigable searchers are continually at work.—Westminster Gazette.

BOSTON, IRELAND.

Baltimore in Maryland, gets its name from a similar and unimportant town in Ireland.

The word may signify that "village that grew up about the big house," and the derivation is plain when one sees the ivy-covered ruins of the very remarkable big house that was once the stronghold of the O'Driscolls.

It is situated upon a hill, and surrounded over the numerous little dwellings, that have sprung up and increased in the vicinity of its wrecked and deserted life. From the village of Baltimore enormous stretches of mackerel are sent to America.

Fungus Slippers.

Before the discovery of lucifer matches a large hoof shaped fungus growing on the trunks of trees was used throughout northern Europe for making anadou or tinder. The thick, moist, out-of-the-skin and beaten until it assumes the appearance of felt, is used at the present time in Germany for the manufacture of chest protectors, caps, purses, bedroom slippers and various other articles.

"Papa, is the hand that rocks the cradle the one that rules the world?"

"That's what I've heard."

"Well, I know one that don't."

"Who is it?"

"Nurse. She wanted to go downtown and couldn't tell her old friend if she went and wouldn't give her no recommendation."—Indianapolis Sentinel.

A Chocolate Habit.

"No," said the man who had recently made his fourth pilgrimage to the matrimonial altar: "I can't say that marriage is a failure."

"Of course not," rejoined his bachelor friend. "With you it is merely a habit."—Philadelphia Inquirer.

LONG LETTER

Of Fairbanks Accepting Nomination—Taft Satisfied—Other Political News.

Indianapolis, Ind., Sept. 21.—Senator Fairbank's letter of acceptance was made public tonight. In it he says the Republican platform receives his hearty approval, but declares that the acts of the party mean more and make the platform mean more. He praises at length the acts of the present and the preceding Republican administration. He challenges the statement in the Democratic national platform which says, "protection is the robbery of the many to enrich the few." He argues against this statement at length, giving the usual Republican protection arguments. He dwells upon capital and labor and seeks to show that all Republican legislation has been for the good of labor. He discusses the money question also. His letter is very long.

Taft Satisfied.

New York, Sept. 21.—Chairman Taft, of the Democratic National Committee, who returned from the West last night, said to-day that he is perfectly satisfied with the conditions as he found them there. "I have not seen Indiana in better shape since 1892 than I found it last week," he said. "Neither the Democrats nor the Republicans have become very enthusiastic in Indiana up to the present time. Both sides have been organizing, and I feel very much gratified at the condition of the Democratic organization there. Last Friday in Indiana I met the prominent Democratic leaders of the State, including every county chairman."

Want Primaries Only.

Louisville, Ky., Sept. 21.—The next legislature will probably be called upon to adopt a bill to have all nominations for all parties made by primary elections and the expenses paid by the state or counties. L. H. Carter, of Lawrenceburg, former representative, who was in the city today, discussed the proposed bill and said he would probably offer it.

Nominate Herrick.

Saratoga, N. Y., Sept. 21.—D. Cady Herrick, of Albany, was today nominated for governor of New York by the Democrats in convention. His nomination was unanimous and was amid the greatest enthusiasm. A ringing platform was adopted by the convention.

Not Too Cold for Plunge.

Eugene, N. Y., Sept. 21.—The day was the coldest of the season. Fires were built in the furnaces of Judge Parker's home. Despite the drop in the temperature Judge Parker took his daily plunge in the river.

Skin Diseases.

Evansville, Ind., Sept. 21.—People are instantly relieved and quickly cured by the free use of Paracamph. It kills the germs, stops the stinging, itching. Makes the skin healthy and smooth.

TRIAL POSTPONED.

The trial of Alvin Shearn, charged with shooting and wounding Geo. Jackson, near Skillman, was called in Judge Stevens' court at Hawesville yesterday, September 29. Jackson had not sufficiently recovered from his wound to be present.

DO YOU GET UP?

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp Root, the kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century—tested and proved after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist.

It is wonderfully successful in promptly curing lame back, kidney, bladder, urethra trouble and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp Root is not recommended for everything but if you have kidney trouble, liver or bladder trouble it will be found that the best results have been had in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case, that a good armful has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book containing many about Swamp Root, how to find it, how to grow it, how to use it. When writing mention reading this general offer in this paper and send your address to Dr. Kilmer, 100 Main Street, Frankfort, Ky., N. Y. The regular fifty cent and home of Swamp Root, and the address, Frankfort, Ky., on every bottle.

Don't make any mistake but remember the name of Swamp Root, Dr. Kilmer's Swamp Root, and the address, Frankfort, Ky., on every bottle.

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A strong stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are uneasiness after eating, fits of nervous headache, and disagreeable belching.

I have taken Hood's Sarsaparilla at different times for stomach troubles, and a run down condition of the system, and have found it to be the best I have used. I am troubled especially in summer with weak stomach, and have found it most valuable.

Hood's Sarsaparilla and Pills

Strengthens and tones the stomach and the whole digestive system.

TO BE TELEPHONED.

The weather forecast for Kentucky will hereafter be transmitted by telephone throughout the State of Kentucky and Southern Indiana as soon as it is received each morning, instead of by telegraph, as formerly.

Major H. B. Hersey, who is in charge of the Louisville office of the Weather Bureau, has completed arrangements with the Home Telephone Company whereby the company is to send the forecast to every exchange in Kentucky and Southern Indiana. The Home Company has thirty-five exchanges in the territory mentioned and an aggregate of 30,411 telephone subscribers. The forecast is to be sent from the Louisville office as soon as received at every exchange and ready for transmission to exchanges throughout the country.

What is Life?

In the last analysis nobody knows, but we do know that life is even slightly, palpably, irregular living means derangement of the organs, resulting in Consumption, Headache, or Liver trouble. Dr. King's New Life Pills quickly readjust this. It's gentle, yet thorough. Only 25¢ at Short & Haynes Drug Store.

THE RESULTS OF INOCULATING FIELDS.

The same bacteria that increase the harvest of beans or clover or alfalfa tend to enable the plants to leave many times more nitrogen in the soil than they would have done if uninoculated; in other words, they make the soil many times more fertile, so that the crop of cotton or wheat or corn or potatoes planted next year is many times larger. Thus the following year the yield following inoculation derives an equal benefit from the inoculation. For instance a crop of crimson clover, not inoculated, added to one acre of land 4.8 pounds of nitrogen; a crop of crimson clover, inoculated, added to one acre of precisely similar land 143.7 pounds of nitrogen, an increase of 383% times; a crop of hairy vetch, hairy vetch added to one acre fifteen times more nitrogen than a crop of uninoculated hairy vetch. From Gilbert H. Grosvenor's "Inoculating the Ground," in the October Century.

A Power for Good.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga. says: "During a billows attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill. I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." EN ROUTE TO FAIR.

The First Kentucky regiment of infantry, which was recently reorganized at Louisville, passed over the Henderson Ronte last Wednesday night, en route to the St. Louis fair, where they will remain until Thursday. The regiment was clad in the uniform prescribed for heavy marching order, with full khaki coats, rifles, sidearms, blankets, tents, haversacks and caustics.

A train consisting of fourteen coaches and two engines was necessary to transport the soldiers. The train arrived here about 11 o'clock Wednesday night.

RODE 60,000 MILES.

T. Seymour Smith, of Frankfort, Ky., is probably the only man in the world who can boast of having driven the same team of horses 60,000 miles.

Mr. Smith was in business for seven years, and was required to drive over the entire United States. He agrees that every day he worked he drove the team twenty miles, making a total of seven years of 60,000 miles.
